Youth-Led Prevention Leadership Conference

---

Alumni Making a Difference

# WE'RE BACK.

Oh yes, the conference you know and love is still going strong after 52 years of empowering youth to make healthy choices and building leadership skills to positively impact communities.

Over 10,000 high school students have gone through the OTI experience, building healthier futures for all generations. We're glad you were one of them!

# NEW LOGO. SAME MISSION.

OTI is a week long drug free leadership conference held at Heidelberg University for high school students. Through the program, students develop the skills to become positive leaders within their schools and communities. Students are also equipped with the knowledge and abilities to not only make positive choices for themselves, but to encourage their peers to make healthy decisions.

# RELIVE THE OTI MAGIC

## Photos

We've maintained a vast collection of photos throughout the years. Some are in scrapbooks while others are still in shoeboxes under Jodi's desk. However, we're working around the clock to get every picture we have on our website! Check them out:

## Video

Since pictures are worth a thousand words, videos must be worth a thousand words spoken in Morgan Freeman's voice. While we still love our pictures, we've made a bit of an upgrade and now produce a recap video of every conference. Start binge-watching on our YouTube Channel:

## Volunteer

Come back where you belong. We are always looking for workshop presenters, staff members, speakers, and logistic volunteers to help keep OTI great. If you're interested, drop us a message on our website:
